

Declaration of latex-free composition of respirators RespiPro and RespiRaptor

Based on analysis of materials and composition of products we confirm that the following components does not contain latex:

- Non-woven textiles – inner and outer spunbond layers
- Filter with activated carbon
- Nanofiber filtration membrane
- Nose-clip
- Ear-loops

Based on latex-free status of above mentioned components, we are declaring the whole:

- RespiPro Carbon FFP2 respirator
- RespiPro White FFP2 respirator
- RespiPro VK FFP2 respirator
- RespiRaptor FFP2 respirator
- RespiRaptor VK FFP2 respirator

as latex-free.
